Terms and service procedure

What is covered

Defects in factory materials or workmanship. Bumper-to-bumper includes covered factory-installed systems. Powertrain includes engine, transmission and drive axle assemblies. Parts and labor are included for covered repairs; deductible $0.

How time and distance are counted

Time starts on the first in-service date printed in the schedule, not the date a booklet is read. The 36,000 and 60,000 figures are absolute vehicle odometer limits, not additional miles after delivery.

Owner responsibilities and transfer

Retain routine maintenance records. Ordinary wear, scheduled maintenance, collision damage and misuse are not covered. Coverage transfers to subsequent private owners for the remaining term without restarting either clock. Registration is not a condition; no registration deadline is required.

Requesting service

Bring the vehicle, this schedule and purchase record to the selling dealer or a participating manufacturer dealer. Do not begin a paid repair without coverage confirmation. Test support: warranty@pine-ridge-ford.example / (202) 555-0163. No roadside, tire, corrosion or emissions term is represented by this excerpt.
