# Terms and service procedure

## Included certified coverage

The selling dealer includes this warranty with the inspected used vehicle. It is not a separately purchased protection plan and is not a representation of current Toyota CPO terms. Covered repairs include parts and labor; deductible $0.

## Independent start rules

Both terms begin on certified delivery, 2026-11-06, at 28,400 miles. The comprehensive odometer end is 28,400 + 12,000 = 40,400. The powertrain odometer end is 28,400 + 24,000 = 52,400. The original in-service date does not shorten these independent terms.

## Service and transfer

Routine maintenance, wear items and collision damage are excluded. Prior authorization through UAT CertifiedCare is required for covered repairs. The unexpired coverage is transferable with the vehicle; transfer does not reset the term. No enrollment step or waiting period remains.
