Coverage schedule - whichever limit comes first

Coverage	Start / end / limit
Hull structure - welded hull and transom	60 months: 2026-11-07 to 2031-11-07. Date-only coverage; no operating-hour limit. Parts and labor.
Factory-installed boat equipment / finish	12 months: 2026-11-07 to 2027-11-07. Date-only coverage; no operating-hour limit. Parts and labor.

Keep this schedule with the purchase agreement. The explicit dates and odometer limits below control this test transaction.

Terms and service procedure

Hull and boat scope

The structural term covers manufacturing defects in welded hull structure and transom. The shorter equipment / finish term covers manufacturing defects in factory-fitted non-engine boat equipment and finish. Do not apply the five-year term to all equipment.

Separate engine warranty

The Mercury outboard is not covered by this hull warranty. Its separate manufacturer schedule S65-03 identifies the engine and states its own 36-month term. Hull and engine must not be represented as one manufacturer policy.

Use and owner responsibilities

These specimen terms are for private recreational use. Routine maintenance, impact, grounding, corrosion from improper care and ordinary cosmetic wear are excluded. The dealer completed warranty registration on 2026-11-07; the owner has no outstanding enrollment deadline. Both listed terms transfer for their remaining duration.

Service procedure

Keep the purchase agreement, HIN photo and these terms. Contact warranty@bluewater.example or (202) 555-0166 before repairs. These are fictional fixed-duration test terms, not a statement of the current Tracker warranty.
