Terms and service procedure

Separate equipment warranty

This warranty covers defects in materials and workmanship in the identified outboard engine. It does not cover the hull, boat equipment or accessories made by another company.

Start and duration

Term begins when installed and commissioned, 2026-11-07, and ends 2029-11-07. There is no numeric engine-hour cap. Installation reading 0.8 hours is recorded for identity and maintenance, not to compute an expiration threshold.

Care and registration

Follow scheduled maintenance and keep receipts. Wear, misuse, impact and neglected maintenance are excluded. Dealer registration was completed on 2026-11-07. No additional action or fee is required to activate coverage. Unexpired coverage transfers with the engine without restarting the term.

Warranty service

Present the engine serial, commissioning schedule and package purchase agreement to the marine dealer. Test service contact: engine-warranty@bluewater.example | (202) 555-0167. This is a synthetic excerpt, not an official Mercury policy.
